

"The United States of America is the official sponsor of terrorism in the world and the main supporter of Zionist terrorism with money and weapons. **American support for the occupation is embedded in American policy and will not be affected by the change of the American president, whether it is Biden or Trump.**"

- PFLP Deputy Head of Political Relations in Lebanon, Fathi Abu Ali

"**The United States is also a one-party state, but with typical American extravagance, they have two of them.**" - Julius Nyerere

"**Open confession of dictatorship is far less dangerous than sham democracy.** One can defend oneself against the former; the latter is like a creeper attached to the body of a drowning man."

- Wilhelm Reich

"**The white conservatives aren't friends of the Negro either, but they at least don't try to hide it.** They are like wolves; they show their teeth in a snarl that keeps the Negro always aware of where he stands with them. But the white liberals are foxes, who also show their teeth to the Negro but pretend that they are smiling. **The white liberals are more dangerous than the conservatives;** they lure the Negro, and as the Negro runs from the growling wolf, he flees into the open jaws of the "smiling" fox." - Malcolm X

"**The power structure draws its validity and strength solely from the existence of the people's struggle.** In practice it is the people who choose a power structure of their own free will and not the power structure that suffers the people." - Frantz Fanon

2024: BEHEAD THE IMPERIALIST SNAKE

"America remains America; the head of evil in the world & the sponsor of Zionist terrorism, & there will be no change in the positions of the two parties unless the American public realizes that it is paying the price for the two parties' gambling with their future & privileges..." - PFLP, 11 September 2024

UNITY OF FIELDS

5 November 2024 - Today, the two heads of the bloodthirsty imperialist snake duel for constitutional leadership of the bipartisan fascist entity that is called the "United States of America." Every election, the US propaganda machine regurgitates the same line – that this is the most important election of our lifetimes, and that all political squabbles must be put aside to ensure that our "democracy," built on a mountain of corpses, will get to pile up more corpses for another four years. **Between each "pivotal" election, life in the core – but primarily in its internal and external peripheries – only worsens**, the settler state reinforces its tentacles with higher pig budgets and new massacring machines, and the noose of the climate apocalypse tightens around humanity's neck.

In the weeks leading up to the vote, the Holocaust Harris regime has been heightening state repression and threats of "terrorism" charges against anti-imperialist, anti-zionist, anti-cop forces, as a warning for us not to escalate around the election when the ruling class is in constitutional crisis. Of course, **we understand this moment of ruling class weakness as a prime moment for revolutionaries, wherever they may be, to strike at the paper tiger and throw the empire into deeper contradiction and chaos.**

The illusion of "choice" in US elections is just that – an illusion. The choice is not between a greater and lesser evil, "Democrat" and "Republican," or "liberal" and "fascist" – **the liberal and fascist wings of the empire, from QAnon to the Squad, are all proudly united in their goal to preserve the global hegemony of the US-zionist death machine**, the greatest evil this world has ever seen. Our real choice is between rejecting this political theater or falling for it, between acquiescence or resistance, between defeatism or revolutionary defeatism. **We choose revolutionary defeatism, which means turning the imperialist war into a civil war, or, in fewer words: BRING THE WAR HOME.**

No matter who wins this orchestrated political theater, our enemy – the bloodsucking imperialist ruling class – remains the same, and so does our resolve to resist them.

We leave you with the words of some revolutionaries...

"For us, there is no difference in the American elections between Trump or Kamala Harris coming to power in the administration of American evil. Harris and her so-called Democratic Party behind her may be worse than Trump and his party. We have had successful experiences with him, having subdued him in more than one confrontation. He lacks patience and cannot endure prolonged material depletion, which **saved us much effort and time in revealing the true face of America as evil, exposing its weaknesses live on air."** - *The military official of Kataeb Hezbollah in the Islamic Resistance in Iraq, Abu Ali Al-Askari, 2024*

"It isn't revolutionary or materialist to disconnect things. To disconnect revolutionary consciousness from revolutionizing activity, to build consciousness with political agitation and educational issue-making alone is idealistic rather than materialist. The effect has been reformism rather than revolution. **When any election is held it will fortify rather than destroy the credibility of the power brokers. When we participate in this election to win, instead of disrupt, we're lending to its credibility, and destroying our own.** With all the factors of control over the electoral process in the hands of the minority ruling class, the people's party can always be made to seem isolated, unimportant, even extraneous. **If these tactics still give the appearance of revolution to some after decades of miscarriage, we are justified in replacing them as vanguard...**The history of the U.S.—the blood-soaked, urine-steeped essence of its being; the wreckage and demise of its human character under the wheels of a two-hundred-year-old headlong flight with heedless, frightened animals at the controls of a machine that has mastered them—allows for no appeal on a strictly ideological level. George Wallace or Adolf Hitler would fare better at the polls of an honest election than Huey Newton and Tom Hayden. But again, **what is an honest election after the fact of monopoly capital?"**
- *George Jackson, Blood in my Eye, 1971*

I shall not go to the polls. I have not registered. I believe that **democracy has so far disappeared in the US that no "two evils" exist. There is but one evil party with two names, and it will be elected despite all I can do or say.** There is no third party."
- *W.E.B Du Bois, 1956*
